May Update: Peak Season at Twin Hills

As we move into May, the greens crew is focused on capitalizing on the warming soil temperatures in Joplin to ensure our championship course remains in peak condition. With the "growing season" in full effect, our team has shifted from spring preparation to high-intensity maintenance.

May Maintenance & Groundskeeping Projects

- **Grass "Green-Up":** Following our late-March Drill & Fill aeration, we are now in the critical mid-May fertilization window. We are applying nitrogen-rich fertilizers to help our fairways fully break dormancy and transition to a vibrant, resilient green.
- **Precision Mowing:** Our team is increasing mowing frequency for both greens and fairways. In late May, we begin lowering the height of cut on the greens to increase ball speed for our upcoming Member-Guest tournaments.
- **Irrigation Management:** As temperatures rise, we are meticulously monitoring our automatic irrigation systems. May is a primary month for inspecting and repairing irrigation heads to ensure uniform moisture levels across all 18 holes.
- **Aesthetic Enhancements:** In preparation for our Mother's Day Brunch and Memorial Day Pool Party, the crew is finishing mulch applications and planting seasonal annuals around the clubhouse and tee boxes.
- **Bunker & Hazard Care:** We are performing detailed edging on all bunkers and sand traps to maintain the sharp, "old school" high-end private course feel Twin Hills is known for.

Member Reminders for May

- **Maintenance Equipment:** You may see more crew members out during play as they manage the rapid May grass growth. Please be mindful of equipment and allow the team space to complete their tasks safely.
- **Repair Your Marks:** With the greens recovering from spring aeration, it is more important than ever to repair ball marks and replace divots to maintain surface consistency.

We look forward to seeing you at the Club!

About Me

Originally from McDonald County, I have spent the last six months settling into life in Joplin. I am close with my family, including my brother and my adorable niece, who are a big part of my life.

Professionally, I've transitioned from a role at Cowboy Catering to my current position here at Twin Hills, but my most unique pursuit is outside of work: I own a bus that I am currently transforming into my permanent living quarters.
