August Update: Beating the Dog Days at Twin Hills

As we transition into the peak of late summer, the greens crew is focused on maintaining premium course conditions through the intense August heat. With high traffic from major tournaments and demanding seasonal weather, our primary objective is protecting turf health while continuing to deliver the fast, true, and consistent playing surfaces you expect at Twin Hills.

August Maintenance & Groundskeeping Projects

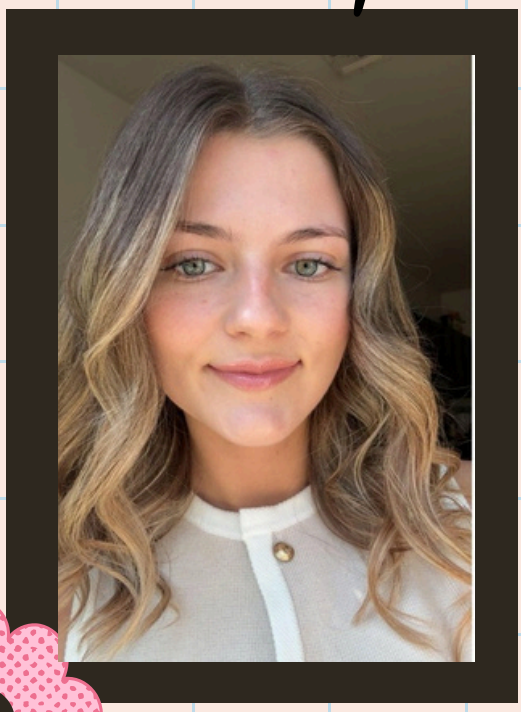

- **Championship Level Prep:** In preparation for the highly anticipated AJGA Junior Championship (August 10th–14th), our team will be executing a precise mowing and rolling schedule. This ensures tournament-ready speeds and pristine consistency for some of the nation's best junior golfers.

Member Reminders for August

- **Hydration & Coolers:** Your safety on the course is our priority. Water stations and coolers will be checked and restocked multiple times each day. Please stay hydrated!
- **Repair Your Ball Marks:** Under hot summer stress, damaged turf takes twice as long to heal. Properly repairing your ball marks and sanding your divots is absolutely crucial to keeping our championship course in peak condition.
-

We appreciate your support and patience during our tournament prep, and we look forward to seeing you out on the course for a great month of golf!

All About me

I was born in Michigan and grew up in a family with seven siblings. As the second youngest, I learned the importance of family, teamwork, and supporting one another from an early age. When I was five years old, my family moved to Missouri, where I was raised.

I graduated from Carthage High School in 2018. Since then, I have continued working toward my future goals. My biggest aspiration is to further my education and earn a degree in Elementary Education so I can become a teacher. I am passionate about helping children learn and grow, and I look forward to making a positive impact in the classroom and in my community.
